LAS MUCHÍSIMAS

A DANCE PERFORMANCE

ABOUT THE PERFORMANCE

Freedom is still a recent phenomenon for women; the changes in the latest generations have been enormous!

And that's where *Las Muchísimas* is coming from, acting as a meeting place for all these women who already know each other, who are already familiar with a creative project, with sharing experiences, with showing their scars and their joy.

And so we dance, we move, showing our experiences from our bodies as they are now, speaking of a life well lived, like well-worn shoes. And we want to focus on HAPPINESS, as a feeling rooted in the joy of being who we are, the satisfaction of being able to look at ourselves in the mirror, recognizing the paths we have walked with our own identity. The happiness of being able to tell our own stories, starting from our own reference points.

ABOUT PTL

Dance Theatre Ljubljana, also known as PTL, was founded in 1984 by Ksenija Hribar (also founder member of London Contemporary Dance Theatre) as the first professional contemporary dance company in Slovenia. At the end of the nineties PTL opened the doors of the first theatre venue for contemporary dance in the capital and outgrew into the central NGO for contemporary dance art. Most of today's contemporary dance choreographers in Slovenia emerged from or collaborated with PTL. In its theatre venue PTL presents to the public a diverse programme of selected Slovenian and international contemporary dance creativity. PTL also enters in international collaborations and co-productions with artists, festivals and theatres.
